

Philips Neopix 140

PHILIPS NEOPIX 140

The Neopix 140 at a glance: The Philips Game Portable LED LCD Projector offers 150 ANSI lumens, a contrast ratio of 1000:1, and HDTV 1280 x 720 resolution. Thanks to its LEDs, the projector has a rated light life of 20,000 hours, which is over 13.7 years when used for four hours a day. An image width of up to 124 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 83 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Even 1080P video signals are no problem for the projector.

Brief Introduction

Beta 2.5

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display
