

Philips Screeneo U3

A brief introduction to the Screeneo U3: The Philips 3D DLP projector offers 2800 Ansi lumens, a contrast of 200000:1 and HDTV 1920 x 1080 resolution. The manufacturer specifies a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. This projector has a projection ratio of just 0.21:1. For a 2 m wide image, the projector only needs to be 42 cm away from the screen. Even 1080P playback is no problem for the projector. At just 25 decibels of operating noise, the model is already very quiet compared to others. The model built in 2020 is no longer offered by Philips.
