

Pico Genie Impact 4.0

PICO GENIE IMPACT 4.0

Brief Introduction

Beta 2.5

The game portable Impact 4.0 DLP projector from Pico Genie has 500 Ansi lumens and a WSVGA 940 x 540 resolution. The projector can illuminate an image width of up to 227 cm with its 500 Ansi lumens. In room light, however, the image width should ideally be less than 151 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P compatible. The model built in 2021 is no longer offered by Pico Genie.
