

BOXLIGHT Introduces the SP-46d and the XP-56d:
Perfect for traveling presenters and small business owners

Poulsbo, WA (April 2003) - **BOXLIGHT**, the first name in digital projectors, is proud to announce two new projectors - the SP-46d and XP-56d. Designed for presenters and small business owners looking for value-priced presentation equipment, these projectors come packed with high-end, easy-to-use features.

Bright enough to present in most rooms with the lights on and the shades up, the SP-46d offers **1500 ANSI lumens**, while the XP-56d facets an impressive **1400 ANSI lumens**.

Both projectors feature all the functionality of larger projectors at a fraction of the price. Weighing in at only **6 pounds**, the SP-46d and XP-56d feature **Picture in Picture**, **digital keystone adjustment**, **automatic signal synchronization** and a **laser pointer remote**. In addition, the XP-56d has a **digital computer input**, for ultimate clarity of images.

"The SP-46d and the XP-56d are BOXLIGHT's answer to the small office home office (SOHO) business owners and traveling presenters desiring presentation equipment to succeed in the marketplace, all at a value price," said Jill Miller, Executive Vice-President of Worldwide Sales and Marketing for BOXLIGHT. "These projectors will open up the door to those organizations who could not previously afford a projector and for those organizations who need to purchase multiple units. Not only are these projectors reasonably priced, they are full of state-of-the-art features that will make for extraordinary presentations."

The SP-46d and the XP-56d have **true 800x600 SVGA** and **true 1024x768 XGA** respectively with **compression for 1280 x 1024 SXGA**, warranting unprecedented clarity every time you present.

Highlights of the feature-filled SP-46d and XP-56d:

- **Extraordinary Images**: True 800 x 600 SVGA (SP-46d) and true 1024 x 768 XGA (XP-56d) with compression for 1280 x 1024 SXGA result in crisp and clear images directly from the computer.
- **Digital Input**: This feature, available on the XP-56d, sends a digital image to the projector resulting in a high quality image.
- **Easy to carry**: Weighing in at only 6 lbs. (2.7 kg), these units are perfect for traveling.
- **Bright enough to present with the lights on**: The SP-46d and XP-56d have 1500 and 1400 ANSI lumens respectively allowing you to present in a medium-sized room with the lights on and the shades up.
- **Create a square image**: With digital keystone adjustment a square image can be created on the screen in nearly any setting.
- **Highlight important points**: Digitally enlarge a specific part of your presentation with digital zoom to focus your audience's attention on a significant point.
- **Easy to set up**: Manual zoom and focus makes set-up and adjusting the screen a breeze for presenting in a variety of environments.
- **Picture in Picture**: View an educational video within your computer presentation.
- **Operate your presentation wirelessly**: The full function remote mouse with a built-in laser pointer allows you to control the projector and the computers mouse at a distance.
- **Plug and Play**: Automatic signal detection allows you to plug your projector in and have your computer automatically recognize the signal.

BOXLIGHT is the first name in digital projectors with more experience and selection than anyone in the industry. Selling display and projection technology under its own brand of BOXLIGHT certified equipment, the company also offers the most innovative, high-quality products from InFocus, Hitachi, Sony, Proxima and Epson.

BOXLIGHT offers one of the best service and support packages available with a 15-day money back guarantee, two-year parts and labor warranty and a 120-day or 500-hour (whichever comes first) lamp guarantee. This is coupled with a lifetime 24-hour technical support, on all of its branded products.

Founded in 1985, BOXLIGHT operations have expanded to encompass sales in the United States, Mexico, Canada and worldwide. In addition, in conjunction with American Express Equipment Finance, the company also offers a convenient Web-based leasing program with low monthly payments, flexible terms, and purchase options.

Projector specifications, photographs, prices and additional information regarding BOXLIGHT products and services are available on-line at www.boxlight.com or by calling (800)762-5757 (USA) or (360)770-7901 (International).
