

PUTRIMS S28

PUTRIMS S28

The PUTRIMS model S28 is an LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 18000:1. Due to the LEDs, the projector is specified with a 30,000-hour light lifespan, which is over 20.5 years with four hours of enjoyment per day. Horizontal and vertical keystone correction makes image setup a breeze. The brightness of 300 ANSI lumens enables a picture width of 176 cm. In room light, the picture should be max. 117 cm wide. The model recognizes Airplay and Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Playing 1080P is also no problem for the projector.
