

Ricoh PJ WUL6760

RICOH PJ WUL6760

A brief introduction to the PJ WUL6760: The Ricoh laser LCD projector offers 6000 Ansi lumens, a contrast of 5000000:1 and a WUXGA 1920 x 1200 resolution. The lifespan of the laser is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Including a lens shift and keystone correction function, which provides freedom during installation. Thanks to the brightness of 6000 Ansi lumens, a picture width of 787 cm is possible. The projector can also handle slightly brighter rooms with a smaller picture width (we recommend max. 525 cm). Even 1080P and 4K (compressed) video signals are no problem for the projector, and it even has the option of projecting HD 1080P and 4K (compressed) Blu-rays onto the ceiling thanks to 360° projection.
