

Ricoh PJ WXL5670

RICOH PJ WXL5670

The stationary PJ WXL5670 Laser DLP has 5200 Ansi-Lumen, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The manufacturer Ricoh specifies a service life of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. 5200 Ansi lumens ensure that a picture width of 733 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 489 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. The model is also Full HD 1080P compatible. The model built in 2017 is no longer offered by Ricoh.

Brief Introduction Beta 2.5

Display Type

1 x 0,65" DLP Chip

WXGA 16/10 Ti Digital Light Processing Chip
