

Ricoh PJ XL4540

RICOH PJ XL4540

A brief introduction to the PJ XL4540: The Ricoh short-throw 3D laser DLP projector offers 3000 Ansi lumens, a contrast of 13000:1 and an XGA 1024 x 768 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which converts to over 13.7 years at 4 hours per day. This projector has a projection ratio of just 0.617:1. For a 2 m wide image, the projector only needs to be 123 cm away from the screen. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training sessions. The projector can also play 1080P and 3D without any problems. The model was built by Ricoh in 2016 and is no longer current.

 1 x 0,55" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
