

Runco Q 1500D

RUNCO Q 1500D

Brief Introduction

Beta 2.5

The Runco model Q 1500D is a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 20000:1. The built-in lens shift function provides freedom when setting up. The projector can illuminate a picture width of up to 380 cm thanks to its 1400 Ansi lumens. In room lighting, however, the picture width should ideally be less than 253 cm. Playing 1080P is also no problem for the projector. The model built in 2010 is no longer offered by Runco.
