

Runco VX 2dcx

RUNCO VX 2DCX

The VX 2dcx DLP has 2800 Ansi lumens, a contrast of 3500:1 and an HDTV 1280 x 720 pixel resolution. The integrated lens shift gives you freedom when positioning the projector. The projector can illuminate an image width of up to 538 cm thanks to its 2800 Ansi lumens. In room lighting, however, the image width should ideally be less than 359 cm. This model is no longer offered by Runco, but is still a popular projector in our database. It should also be noted that, unfortunately, there are no longer any replacement lamps available for this projector, neither originals nor replicas.
