The Samsung SP U300M micro-portable DLP projector has 300 Ansi lumens, a contrast of 1100:1 and an SVGA 800 x 600 resolution. The integrated media player can play files directly. An image width of up to 151 cm is possible as the projector has 300 Ansi lumens. However, if room light is available, the image should be max. 101 cm wide. The operating noise of just 30 decibels makes the projection quiet. On the market since 2010, the model is no longer offered by the manufacturer Samsung. Unfortunately, we can no longer offer a replacement lamp for this model, neither original nor replica.

1 x 0,55" DLP Chip
SVGA 4/3 Ti Digital Light Processing Chip
