

Sanyo PLC XK2200

SANYO PLC XK2200

A brief introduction to the Sanyo PLC XK2200. The standard portable LCD projector has an XGA 1024 x 768 resolution and a contrast of 2000:1. The manufacturer specifies a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours of use. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training courses. A screen width of up to 408 cm is possible. However, the picture should be smaller in room light. We recommend max. 272 cm. Video signals 1080P are also no problem for the projector. This model is no longer offered by Sanyo.
