

Sanyo PLC XK3010

SANYO PLC XK3010

With the PLC XK3010, manufacturer Sanyo offers a standard portable LCD projector with XGA 1024 x 768 resolution and a contrast of 2000:1. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years with two hours of use per day. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. A screen width of up to 477 cm is possible. However, the image should be smaller in room lighting. We recommend max. 318 cm. Even 1080P video signals are no problem for the projector. The model built in 2010 is no longer offered by Sanyo.

 3 x 0,55" LCD TFT Panel
