

Sanyo PLV 1P

SANYO PLV 1P

Brief Introduction

Beta 2.5

A brief introduction to the Sanyo PLV 1P. The stationary LCD projector has a resolution and contrast of 100:1. As Sanyo specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. A picture width of up to 143 cm is possible. In room light, however, the picture should be smaller. We recommend max. 95 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. It is no longer offered by the manufacturer Sanyo.

1 x 3,6" LCD TFT Panel
3 4/3 Liquid Crystal Display

Display Type

Ansi-Lumen

270 310 Lumen

87 Lux (bei 203 cm Screen)
