

Sanyo PLV Z800

SANYO PLV Z800

The PLV Z800 LCD projector from Sanyo has 1200 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The integrated lens shift gives freedom when positioning the projector. An image width of up to 352 cm is possible. However, the image should be smaller in room light. We recommend max. 235 cm. Even 1080P video signals are no problem for the projector. At just 28 decibels, the device is one of the quieter projectors. This model is no longer offered by Sanyo, but is still one of the very popular projectors.
