

Seseno HY320

SESENO HY320

The game portable Seseno HY320 LED LCD projector has 230 Ansi lumens, a contrast of 2000:1 and an HDTV 1280 x 720 resolution. The manufacturer specifies an LED service life of 30,000 hours, which converts to over 20.5 years at 4 hours of use. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Due to the brightness of 230 Ansi lumens, a picture width of 144 cm is possible. In room light, the picture should be max. 96 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. It is also Full HD 1080P and 4K (compressed) compatible. The operating noise of just 25 decibels makes the projection quiet.
