

Sharp PG D100E/U

The Sharp PG D100E/U LCD projector has 400 Ansi lumens, a contrast of 100:1 and a resolution. 400 Ansi lumens ensure that a picture width of 174 cm is also possible. However, if room light is available, the picture should be a maximum of 116 cm wide. It is no longer offered by the manufacturer Sharp. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
