

SIM2 Grand Cinema C3X LUMIS

SIM2 GRAND CINEMA C3X LUMIS

Brief Introduction

Beta 2.5

The Grand Cinema C3X LUMIS DLP projector from SIM2 has 3000 Ansi lumens, a contrast of 35000:1 and an HDTV 1920 x 1080 resolution. With the lens shift function, the projector can be positioned very freely. An image width of up to 556 cm is possible as the projector has 3000 Ansi lumens. However, if room light is available, the image should be a maximum of 371 cm wide. It is also Full HD 1080P compatible. The projector was launched in 2009 and is no longer sold by the manufacturer, but is still very popular in our projector database. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
