

SIM2 CINEMA 100

Brief Introduction

Beta 2.5

The SIM2 CINEMA 100 3D DLP projector has 10000 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 10000 Ansi lumens, a picture width of 1016 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 677 cm). It is also Full HD 1080P and 3D compatible. This model is no longer offered by SIM2.

Display Type
