

SIM2 PROC3 Host

The SIM2 PROC3 Host DLP home cinema projector has 4000 Ansi lumens, a contrast of 4000:1 and an HDTV 1280 x 720 resolution. The built-in lens shift function provides freedom when setting up. The projector can illuminate images up to 643 cm wide thanks to its 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, max. 429 cm is recommended. It came onto the market in 2007 and is no longer offered by the manufacturer SIM2. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

3 x HD2+ DC3 DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
