

Sony VPL HW40 /ES/EW

SONY VPL HW40 /ES/EW

A brief introduction to the Sony VPL HW40 /ES/EW. The SXR D projector has an HDTV 1920 x 1080 resolution and a contrast of 15000:1. The built-in lens shift function provides freedom when setting up. A picture width of up to 419 cm is possible. However, the image should be smaller in room light. We recommend max. 279 cm. The model is also Full HD 1080P and 3D compatible. The operating noise of just 22 decibels makes the projection quiet. On the market since 2014, the model is no longer offered by the manufacturer Sony, but is still very popular in our projector database.
