

Sony VPL-PHZ10

SONY VPL-PHZ10

The VPL-PHZ10 laser LCD has 5000 Ansi lumens, a contrast of 500000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Including a lens shift function, which provides freedom during installation. A picture width of up to 718 cm is possible, if the picture width is smaller (we recommend max. 479 cm), rooms with residual light are also no problem. Playing 1080P is also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. On the market since 2017, the model is no longer offered by the manufacturer Sony.
