

Sony VPL SW630C/M

SONY VPL SW630C/M

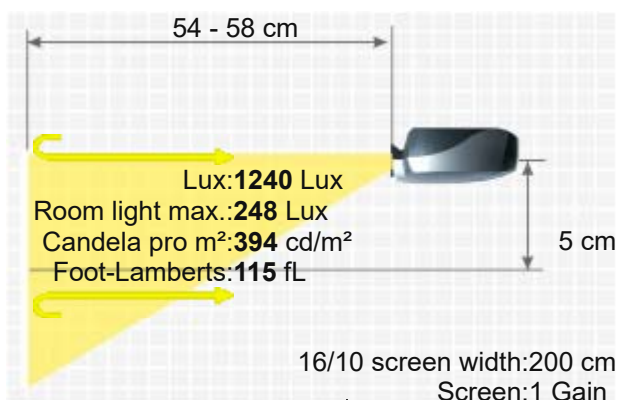

The Sony VPL SW630C/M whiteboard LCD projector has 3100 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. Including a lens shift and keystone correction function, which provides freedom during installation. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training courses. A screen width of up to 566 cm is possible. However, the picture should be smaller in room light. We recommend max. 377 cm. The projector is equipped with an integrated whiteboard function for interactive training and presentations. The projector was launched in 2014 and is no longer sold by the manufacturer, but is still very popular in our projector database.
