

Sony VPL SW635C

Brief Introduction

Beta 2.5

A brief introduction to the VPL SW635C: The Sony LCD projector offers 3100 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. The integrated lens shift gives freedom when positioning the projector. The model offers a microphone jack plug and 16W speakers, so no additional audio equipment is required for presentations or training courses. The projector can illuminate an image width of up to 566 cm with its 3100 Ansi lumens. In room light, however, the image width should ideally be less than 377 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. The projector was launched in 2014 and is no longer sold by the manufacturer, but is still very popular in our projector database.
