

Sovboi S61Pro

SOVBOI S61PRO

Manufacturer Sovboi offers the S61Pro, an LCD LED projector with HDTV 1920 x 1080 resolution. The LEDs have a service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. A picture width of up to 352 cm is possible. However, the picture should be smaller in room lighting. We recommend a maximum of 235 cm. Thanks to Google TV, the projector can be conveniently controlled by voice command. The projector has Airplay and Miracast screen mirroring support, which allows you to play high-resolution videos and surround sound from smartphones, tablets, and PCs with Android, Windows, or iOS directly via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
