

Studio Experience Matinee 2HD

STUDIO EXPERIENCE MATINEE 2HD

A brief introduction to the Matinee 2HD: The Studio Experience LCD projector offers 800 Ansi lumens, a contrast of 1200:1 and HDTV 1280 x 720 resolution. Including a lens shift and keystone correction function, which provides freedom during installation. 800 Ansi lumens ensure that a picture width of 287 cm is also possible. However, if room light is available, the picture should be a maximum of 191 cm wide. The operating noise of only 27 decibels makes the projection quiet. The projector is no longer sold by the manufacturer.
