

TOPTRO B1

TOPTRO B1

Brief Introduction Beta 2.5

Brief introduction of the TOPTRO B1. The game portable LCD LED projector has an HDTV 1280 x 720 resolution and a contrast of 15000:1. It is an LED projector with 90000 hours of light life, which is over 61.6 years with a daily viewing of 4 hours. The horizontal and vertical keystone correction allows the projector to be positioned very freely. 300 Ansi lumens ensure that a picture width of 249 cm is also possible. However, if room light is available, the picture should be a maximum of 166 cm wide. Thanks to the built-in 20000mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Even 1080P video signals are no problem for the projector.
