

TOPTRO TR25

TOPTRO TR25

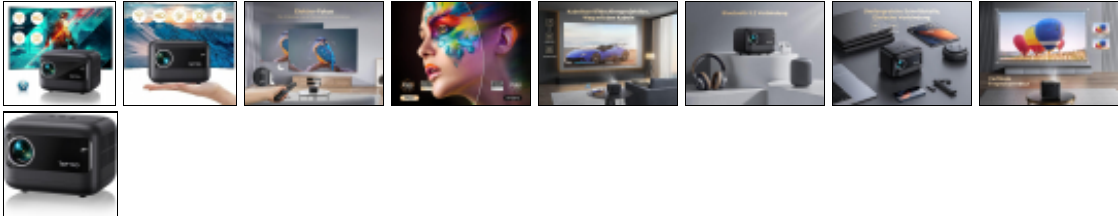

The TOPTRO TR25 LED LCD projector has 720 Ansi lumens, a contrast of 15000:1 and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 30000 hours of light life, which is over 20.5 years if enjoyed for four hours a day. As TOPTRO specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 273 cm is possible, as the projector has 720 Ansi lumens. However, if room light is available, the picture should be a maximum of 182 cm wide. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. It is also Full HD 1080P compatible.
