

Toumei C1000

TOUMEI C1000

The Game-Portable C1000 3D LED DLP Projector from Toumei has 180 ANSI lumens, a contrast ratio of 5000:1, and a WSVGA 960 x 540 resolution. The manufacturer specifies an LED lifespan of 30,000 hours, which equates to over 20.5 years of use at four hours per day. The built-in media player can play files directly. 180 ANSI lumens ensure that an image width of up to 176 cm is possible. However, if there is ambient light in the room, the image should be no wider than 117 cm. Thanks to the built-in 8000 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Since the projector recognizes AirPlay, Miracast, and Screen Mirroring signals, it is possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Additionally, thanks to the Bluetooth function, the projector can be easily paired with other speakers. Furthermore, the projector can play 1080p content without any issues. Compared to others, the projector is very quiet, with an operating noise level of 28 decibels.
