

Unicview DESS G5 Pro

UNICVIEW DESS G5 PRO

Brief introduction to the Unicview DESS G5 Pro. The LCD LED projector has HDTV 1920 x 1080 resolution and a contrast ratio of 30000:1. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. The projector can illuminate a screen width of 393 cm. However, if there is ambient light in the room, the image width should not exceed 262 cm. Thanks to Google TV, the projector can be conveniently controlled by voice command. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another extra feature worth mentioning is that the Bluetooth function allows the projector to be connected to external wireless speakers. Even 1080P and 4K (compressed) video signals are no problem for the projector.

Brief Introduction Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

1500

667 Lux (bei 200 cm Screen)
