

Veemi T01

VEEMI T01

The Veemi T01 LED LCD projector has 510 ANSI lumens, a contrast ratio of 10000:1 and an HDTV 1920 x 1080 resolution. The LEDs give the projector a lifespan of 30,000 hours of light, which would be 20.5 years with 4 hours of viewing per day. The projectors built-in horizontal and vertical keystone correction gives you more freedom when setting up the projector. Since Veemi specifies the brightness of the projector in lumens, we have calculated an approximate ANSI lumen value in this case. An image width of up to 229 cm is possible because the projector has 510 ANSI lumens. However, if the room is well lit, the image should not exceed 153 cm in width. The projector supports Airplay, Miracast Screen Mirroring, which allows high-resolution video and surround sound to be played directly from smartphones, tablets and PCs running Android, Windows or iOS via Wi-Fi. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Furthermore, it is Full HD 1080P and 4K (compressed) compatible.
