

VGKE Mini Beamer

VGKE MINI BEAMER

The VGKE Mini Beamer is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 2000:1. The manufacturer specifies an LED service life of 25,000 hours, which equates to over 17.1 years at 4 hours per day. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the image. The horizontal and vertical keystone correction allows the projector to be positioned very freely. The projector can illuminate images up to 176 cm wide thanks to its 300 ANSI lumens. However, in room lighting, the image width should ideally be less than 117 cm. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs with Android, Windows, or iOS via Wi-Fi. In addition, Bluetooth connectivity is a useful addition to the projector, especially for wireless audio transmission. The projector can also play 1080P and 4K (compressed) without any problems.
