VIEWSONIC LS810

The short-throw LS810 laser DLP projector from Viewsonic has 5200 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The service life is 15000 hours due to the laser, which is over 10.3 years if enjoyed for four hours a day. As it is a short-throw projector, it can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 50 cm away from the screen. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The projector can also play 1080P without any problems. On the market since 2016, the model is no longer offered by the manufacturer Viewsonic.
