LS820

ViewSonic®

1920 x 1080 Resolution, 3,500 Lumens, 0.25 Throw Ratio

## Key Features:

- **Long-lasting laser phosphor light source**
- **Full HD 1080p resolution**
- **Large images in small spaces**
- **Ultra-high contrast ratio**
- **Rec. 709 color accuracy**
- **Secure MHL/HDMI port**
- **Optional ambient light screen for vibrant daytime viewing**
- **Enhanced sound**
- **Industry-leading warranty**

Delivering incredible color accuracy and stunning, razor-sharp images, the ViewSonic® LS820 laser projector is the ideal ultra-short throw projector for the high-end home theater. With a 0.25 ultra-short throw ratio, this projector can be placed on your home entertainment stand, just inches away from a wall or screen, and project an immersive 100" image. And with stunning 1080p resolution and Rec. 709 color accuracy, this projector delivers an amazing cinema-like experience. Utilizing the latest laser light technology, the LS820 is virtually maintenance-free, allowing you to enjoy long hours of movies or extensive gaming sessions. The LS820 also features a hidden PortAll® compartment which accommodates additional accessories such as a wireless streaming device, or PC stick. Powered by SuperColor™ technology for true-to-life images, and SonicExpert® technology for incredibly clear sound, the LS820 delivers an immersive audiovisual performance for any home theater.
