

Viewsonic M2e 1200Ansi

VIEWSONIC M2E 1200ANSI

A brief introduction to the M2e 1200Ansi: The Viewsonic micro-portable LED DLP projector offers 1200 Ansi lumens, a contrast of 3000000:1 and an HDTV 1920 x 1080 resolution. The lifespan of the LEDs is 30000 hours, which is equivalent to over 20.5 years at 4 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 1200 Ansi lumens ensure that a picture width of 352 cm is also possible. However, if room light is available, the picture should be a maximum of 235 cm wide. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Playback of 1080P is also no problem for the projector.

Brief Introduction Beta 2.5
