

Viewsonic PG800X

VIEWSONIC PG800X

Brief Introduction

Beta 2.5

A brief introduction to the Viewsonic PG800X. The standard portable DLP projector has an XGA 1024 x 768 resolution and a contrast of 50000:1. Includes a lens shift and keystone correction function, which provides freedom during installation. 5000 Ansi lumens ensure that a picture width of 616 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 411 cm. The model is also Full HD 1080P and 3D compatible. The projector was launched in 2018 and is no longer sold by the manufacturer.
