PJD5351

PORTABLE SHORT THROW PROJECTOR

WITH BRILLIANTCOLOR™ TECHNOLOGY

Small budget - big presentations

The powerful PJD5351 sets the stage for a new generation of versatile projectors equipped with BrilliantColor™ technology and an extreme short throw ratio – producing a 50" image at a distance of only 3 feet away. With its short throw lens, the PJD5351 saves space by allowing you to place it at the front of your table and still display large, crisp images. Weighing in at just 5.5 pounds with 2500 ANSI lumens and a 2400:1 contrast ratio (with DCR), it's easy to give multimedia lessons in the classroom or dynamic presentations in the boardroom. Multiple preset presentation modes, an increased 40 degree digital vertical keystone correction and digital zoom ensure the best possible image regardless of location. With up to 4000 hours of lamp life*, low cost replacement lamps, filter-less design and a non-degrading DLP® light engine, the PJD5351 is one of the lowest total cost of ownership projectors in the industry.
