VIEWSONIC PLED W800

The Viewsonic PLED W800 LED DLP projector has 800 Ansi lumens, a contrast of 120000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies an LED service life of 30,000 hours, which converts to over 20.5 years with 4 hours of daily use. A picture width of up to 287 cm is possible. However, the picture should be smaller in room light. We recommend max. 191 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P compatible. This model is no longer offered by Viewsonic, but is still a very popular projector.
