

Viewsonic Pro9500

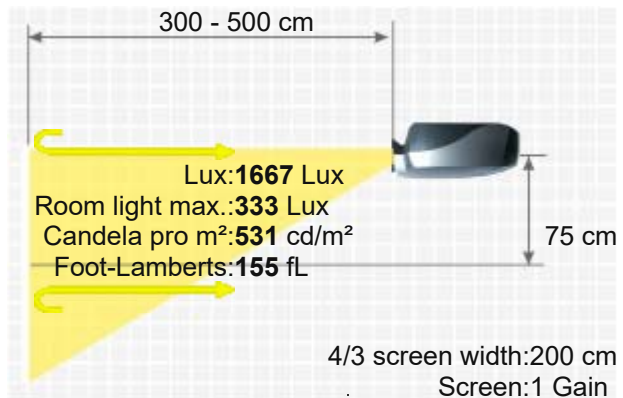

VIEWSONIC PRO9500

The Viewsonic model Pro9500 is an LCD projector with XGA 1024 x 768 resolution and a contrast of 3500:1. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. With the lens shift function, the projector can be positioned very freely. An image width of up to 616 cm is possible as the projector has 5000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 411 cm. It is also Full HD 1080P compatible. On the market since 2011, the model is no longer offered by the manufacturer Viewsonic.
