### Video Modes

### Application

Light Source  
Light Life

### Operating Costs

### Focus

### Zoom

### Objective

### Throw Ratio

### Audio

### Connections

The micro-portable mini beamer LED LCD projector from Vigpil has 1000 Ansi lumens and an HDTV 1280 x 720 resolution. The manufacturer Vigpil specifies a service life of 30000 hours, which would be over 20.5 years with a daily viewing time of 4 hours. As Vigpil specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. The projector can illuminate a picture width of up to 321 cm well thanks to the 1000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 214 cm. As the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. Even 1080P video signals are no problem for the projector.

1 x LCD Panel	
HDTV 16/9 Liquid Crystal Display	
1000 / 25000 Lumen	444 Lux (bei 200 cm Screen)
