

Vivibright PRW810UST

VIVIBRIGHT PRW810UST

With the PRW810UST, manufacturer Vivibright offers a short-throw LCD projector with WXGA 1280 x 800 resolution and a contrast of 10000:1. The manufacturer specifies a lamp life of 6000 hours, which converts to over 8.2 years at 2 hours per day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector needs to be just 64 cm away from the screen. A smartphone with an MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). The projector can also play 1080P without any problems. On the market since 2014, the model is no longer offered by the manufacturer Vivibright.
