Vivitar DP 1100S

3LCD | **Bild im Bild** | **Pointer**

**Brief Introduction**
Beta 2.5

The Vivitar DP 1100S standard portable LCD projector has 1100 Ansi lumens, a contrast of 400:1 and an SVGA 800 x 600 resolution. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector can illuminate a picture width of up to 289 cm well thanks to the 1100 Ansi lumens. In room lighting, however, the picture width should ideally be less than 193 cm. It is no longer available from the manufacturer Vivitar.
