

Vivitek D5110W / WNL

VIVITEK D5110W / WNL

A brief introduction to the D5110W / WNL: The Vivitek 3D BrilliantColor DLP projector offers 5000 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. Including a lens shift and keystone correction function, which provides freedom during installation. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playing 1080P and 3D is also no problem for the projector. It was launched in 2013 and is no longer offered by the manufacturer Vivitek.

Brief Introduction Beta 2.5
