

# Vivitek D755WTiR

## Brief Introduction

Beta 2.5

The Vivitek D755WTiR Whiteboard 3D DLP projector has 3300 Ansi lumens, a contrast of 5000:1 and a WXGA 1280 x 800 resolution. The manufacturer Vivitek specifies a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. A screen width of up to 584 cm is possible. However, the picture should be smaller in room lighting. We recommend max. 389 cm. The projector also offers a whiteboard function that makes training and presentation rooms interactive. The model was built by Vivitek in 2013 and is no longer current, but is still one of the very popular projectors.
