The Vivitek DH2660Z standard portable laser BrilliantColor DLP projector has 4000 Ansi lumens, a contrast of 3000000:1 and an HDTV 1920 x 1080 resolution. The service life is 20000 hours due to the laser, which would be the equivalent of over 13.7 years at 4 hours per day. An image width of up to 643 cm is possible, if the image width is smaller (we recommend max. 429 cm), rooms with residual light are also no problem. Video signals 1080P and 4K (compressed) are also no problem for the projector.
