The Vivitek DH380 3D BrilliantColor DLP projector has 4000 Ansi-Lumen, a contrast of 30000:1 full on/of and a HDTV 1920 x 1080 resolution. The lamp life is specified by the manufacturer as 15000 hours, which is over 20.5 years with a daily viewing time of 2 hours. 4000 Ansi lumens ensure that a picture width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. The projector has optional Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Even 1080P playback is no problem for the projector.
