

Vivitek DU978WT

VIVITEK DU978WT

The Vivitek model DU978WT is a DLP projector with WUXGA 1920 x 1200 resolution and a contrast of 15000:1. With the lens shift function, the projector can be positioned very freely. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playing 1080P and 3D is also no problem for the projector. It was launched in 2015 and is no longer offered by the manufacturer Vivitek.
