

# VIZONY DP04

VIZONY DP04

Introducing the DP04: the VIZONY Game-portable LED LCD projector offers 450 ANSI lumens, a contrast of 10,000:1 and HDTV 1920 x 1080 resolution. The lifespan is 100,000 hours due to the LEDs, which is over 68.5 years with four hours of use per day. An integrated media player is included, which can be used to play files directly. Horizontal and vertical keystone correction makes image setup a breeze. An image width of up to 216 cm is possible. However, the image should be smaller in room light. We recommend a maximum of 144 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Another extra to mention is that the projector can be connected to external wireless speakers using the Bluetooth function. The projector can also play 1080P and 4K (compressed).

## Brief Introduction Beta 2.5

### Display Type

- 1 x LCD TFT Panel
- HDTV 16/9 Liquid Crystal Display

### Ansi-Lumen

450

200 Lux (bei 200 cm Screen)

### Contrast

10000:1 full on/off

10000:1 full on/off

### Black Level
