

VOPLLS G3 Pro

EAN/UPC:B0FFH3WB8S

VOPLLS G3 PRO

The VOPLLS G3 Pro Standard Portable LED LCD Projector has 1,250 ANSI lumens and an HDTV resolution of 1,920 x 1,080. The manufacturer, VOPLLS, specifies a lifespan of 30,000 hours, which equates to over 20.5 years based on four hours? use per day. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. Thanks to its 1,250 ANSI lumens, the projector can effectively illuminate an image width of up to 352 cm. However, in well-lit rooms, the image width should ideally be less than 235 cm. Google TV transforms the projector into a smart entertainment centre with countless functions. As the projector recognises Chromecast, AirPlay and Miracast screen mirroring signals, it is possible to stream high-resolution videos with surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. The projector also handles 1080p and 4K (compressed) video signals with ease.

Brief Introduction

Beta 2.5
