

VOPLLS N3

VOPLLS N3

The standard portable N3 LED LCD projector from VOPLLS has 380 Ansi lumens, a contrast of 2000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 55,000 hours, which converts to over 37.7 years at 4 hours per day. An image width of up to 198 cm is possible as the projector has 380 Ansi lumens. However, if room light is available, the picture should be max. 132 cm wide. As the projector optionally recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Even 1080P video signals are no problem for the projector.
